

THE DEPUTY DIRECTOR OF CENTRAL INTELLIGENCE

7 July 1976

Mr. Thomas A. Nemzek
Vice President & Senior Energy Advisor
Charles H. Thompkins Company
1329 E Street, N.W.
Washington, D.C. 20004

Dear Tom:

Many thanks for your nice note about my appointment and congratulations to you upon yours.

I am sure ERDA suffered substantial loss with your retirement, but it appears that you remain in active and important work related to energy problems.

I was impressed with you when we first met at FEI some years back. The good and strong impression remains.

Again, many thanks for your note and best wishes to you for your future in North Carolina.

Faithfully yours,
